### Daddio's Pizzeria

Family not Franchise

We opened in 2005 with the vision of providing our community with quality pizza and great service.

There are 3 generations of family working at Daddio's. At least one member of our family is at the pizzeria anytime we are open. At times the whole family is here making great pizza.

Our family has been a part of Grande Prairie for over 50 years and feel it is important to support our community. We are proud supporters of many local charities and businesses.
